

## Publications

### Publications in 1972

- Atkinson-Willes, G. L. The international wildfowl censuses as a basis for wetland evaluation and hunting rationalisation. *Proc. Int. Conf. Conservation Wetlands and Waterfowl*, Ramsar, 1971:87-110.
- Boyd, H. & Ogilvie, M. A. Icelandic Greylag Geese wintering in Britain in 1960-1971. *Wildfowl*, 23:64-82.
- Cadwalladr, D. A., Owen, M., Morley, J. V. & Cook, R. S. Wigeon (*Anas penelope*) conservation and saltings pasture management at Bridgwater Bay National Reserve, Somerset. *J. appl. Ecol.* 9:417-25.
- Carp, E. (Ed.) *Proceedings International Conference on Conservation of Wetlands and Waterfowl, Ramsar, Iran, 30 January-3 February 1971*. Pp. 303. Dursley.
- Evans, M. Whose bill? *Bird Life*, 1972:1-5.
- Evans, M. & Kear, J. A jacket for holding large birds for banding. *J. Wildl. Mgmt.* 36:1265-7.
- Harrison, J. G. *A Gravel Pit Reserve*. Pp. 56. Sevenoaks.
- Harrison, J. G. *Wildfowl of the North Kent Marshes*. Pp. 100. Sevenoaks.
- Humphreys, P. N. Brief observations on the semen and spermatozoa of certain passerine and non-passerine birds. *J. Reprod. Fert.* 327-36.
- Kear, J. The Blue Duck of New Zealand. *Living Bird*, 11:175-92.
- Kear, J. Feeding habits of birds. In: *Biology of Nutrition. Int. Encycl. Food Nutrition* 18:471-503.
- Kear, J. The feeding behaviour of birds. *Biology and Human Affairs*, 37-21-33.
- Jenkins, D. The status of Shelducks in the Forth area. *Scot. Birds*, 7:183-201.
- Lazarus, J. Natural selection and the functions of flocking in birds: a reply to Murton. *Ibis*, 114:556-8.
- Matthews, G. V. T. A visit to Thjorsarver. *W.A.G.B.I. Mag.* 1972:12-4.
- Matthews, G. V. T. I.W.R.B.—för internationell fagelforskning. *Sveriges Natur. Arsbok*, 1972:190-2.
- Ogilvie, M. A. Large numbered leg bands for individual identification of swans. *J. Wildl. Mgmt.* 36:1261-5.
- Ogilvie, M. A. & Cook W. A. British recoveries of Mallard ringed at Borough Fen Decoy, Northamptonshire. *Wildfowl*, 23:103-10.
- Owen, M. Some factors affecting food intake and selection in White-fronted Geese. *J. Anim. Ecol.* 41:79-92.
- Owen, M. Movements and feeding ecology of White-fronted Geese at the New Grounds, Slimbridge. *J. appl. Ecol.* 9:385-98.
- Reynolds, C. M. Mute Swan weights in relation to breeding. *Wildfowl*, 23:111-8.
- Scott, D. A. & Carp, E. A survey of Khuzestan, Iran, 18-20 February 1971. *Proc. Int. Conf. Conservation Wetlands and Waterfowl*, Ramsar, 1971:291-9.
- Scott, P. & The Wildfowl Trust. *The Swans*. Pp. x + 242. London: Michael Joseph.
- Secrett, J. Breeding of Bewick's Swans at Bentley. *Avic. Mag.* 78:46-7.
- Seviour, E. M. & Board, R. G. Bacterial growth in albumen taken from the eggs of domestic hens and waterfowl. *Br. Poult. Sci.* 13:557-75.
- Seviour, E. M., Sykes, F. R., & R. G. Board. A microbiological survey of the incubated eggs of chickens and waterfowl. *Br. Poult. Sci.* 13:549-56.
- Szjij, J. Some suggested criteria for determining the international importance of wetlands in the western Palaearctic. *Proc. Int. Conf. Conservation Wetlands and Waterfowl*, Ramsar, 1971:111-24.
- Whiten, A. Operant study of sun altitude and pigeon navigation. *Nature, Lond.* 237:405-6.
- Young, J. G. Breeding biology of feral Greylag Geese in south-west Scotland. *Wildfowl*, 23:83-87.
- Young, J. G. Distribution, status and movements of feral Greylag Geese in south-west Scotland. *Scot. Birds*, 7:170-82.
